The backdrop is a section of sidewalk along the Historic Little Tokyo District. This particular section was photographed to recognize LTSC’s commitment to “helping people and building communities.” The manhole outline is an actual plate in Little Tokyo – the interior of which has been replaced with pictures highlighting LTSC’s range of programs and services.

As I celebrate my 30th year as a member of the Board of Directors of LTSC, I consider my service as one of the highlights of my life. While LTSC has distinguished itself as one of the premier social service and community development organizations in Los Angeles it has maintained its spirit and commitment to serving people.

Two recent initiatives, Far East Lounge and Sustainable Little Tokyo, demonstrate this commitment. In addition, a new design for Budokan of Los Angeles “BoLA” has been developed that will provide a multipurpose center serving a variety of recreational, cultural, and educational needs. Significant funds for BoLA were raised in 2013 and we are preparing to launch a major community capital campaign to complete the project. On behalf of the Board and Staff of LTSC, we thank you for your continued support of our efforts.

Alan Nishio
President, Board of Directors

LTSC has made great strides forward this year including becoming a NeighborWorks Charter Member, opening the Far East Lounge and building new affordable housing. We especially made great progress toward realizing the community dream of a recreation center. We’ve raised almost half of the $23 million we need for the project. By 2017, Budokan of Los Angeles “BoLA” the “home court for all” will be an important part of a new and vibrant Little Tokyo. To get a sneak peak, see the renderings on pages 6-7. I look forward to the basketball games, the martial arts tournaments, the special events on the rooftop garden and the after-school activities. I hope you will join us in the capital campaign phase of this great project.

Thank you for your support of LTSC.

Dean Matsubayashi
Executive Director
2013 Annual Report

Helping People, Building Community

Focusing our work in:

**Little Tokyo**
Where we strive for a vibrant and healthy multi-ethnic community that preserves and celebrates its Japanese America heritage and culture.

**Nikkei Community**
Where we serve as a key Japanese-speaking social services provider, especially for seniors, and where we help connect Nikkei youth to community.

**Asian American and Pacific Islander and Low-Income Communities**
Where we collaborate with community-based organizations to address the needs in low-income communities.

**Volunteer Spotlight**

**Marsha Watanabe:** Always Thinking About Kosumosu

“Ten years ago when my son went off to college I had extra time and I wanted to help out in the community,” Marsha Watanabe remembers. “On LTSC’s website I saw a new program called Kosumosu.” Kosumosu Transitional Housing for Survivors of Domestic Violence provides housing and services to women and their children. “I work in the mental health field, and this program caught my attention,” Marsha explains.

**LTSC does so much for the community, I want to give back and help out**

Since then Marsha has done so much for Kosumosu. She has made in-kind donations for residents including kitchen items, school supplies and toiletries. “The moms have been in a difficult situation and are putting their lives back together. I want to help them in any way I can, including providing things they need. I wish I could do more,” says Marsha.

Marsha provides Thanksgiving gift baskets for families and shops for Christmas presents for the children. “It is fun to go shopping during the holidays for the children,” she said. Marsha has helped organize two garage sales and last year she and her sister planted a vegetable garden at Kosumosu.

“LTSC does so much for the community, I want to give back and help out. I have a note on my desk that says ‘Kosumosu’ so I am always thinking about Kosumosu,” Marsha says.
Little Tokyo

Little Tokyo is where LTSC started as an organization. We remain committed to preserving its historic and cultural identity and to rebuilding a complete neighborhood that is multicultural and multigenerational.

**A community vision for sustainable development**

**Sustainable Little Tokyo**

Partnering with the Little Tokyo Community Council, LTSC initiated Sustainable Little Tokyo. Formed in response to the dramatic impact to the community that came with the building of the Little Tokyo/Arts District Regional Connector light rail project, the goal of Sustainable Little Tokyo is to establish and implement a community vision for sustainable development, focusing on remaining open land parcels around the transit station.

353 EAST 1ST ST., LITTLE TOKYO: Far East Lounge

A new space for seniors, the Far East Lounge, on historic First Street in the heart of Little Tokyo, was supported with renovation and planning funds from Enterprise Community Partners.

This new gathering place for Little Tokyo seniors of all ethnicities and for Japanese American seniors from neighboring communities is a place to get together, socialize and have a good time. Participating in programs and services that encourage creative expression, social interaction and physical fitness enable seniors to continue living at home, remaining independent as long as possible.

A new space for seniors

Programs, services and activities include: computer classes, cultural arts/crafts, yoga/chair yoga, dance, balance exercise as well as support groups and referral services. We’ll see you there.
UPDATE FOR 2013:

Capital Campaign

BoLA
Budokan of Los Angeles

A home court for all!
- Premier center for sports activities
- One-of-a-kind recreation facility in Little Tokyo
- Gathering place for the community
- Unique facility with “green” features

Working with architect, Gruen & Associates, BoLA will include:
- 89,000 sq ft multipurpose facility
- 2 basketball courts, with championship center court rooftop garden
- Event space
- Commercial kitchen
- Community rooms
- Children’s play area

$1.3 MILLION
GRANTS RECEIVED FROM
CITY OF LOS ANGELES,
PROP K FUNDS

TOTAL FUNDRAISING GOAL: $23 MILLION

3 BACKBOARDS AND
CHAMPIONSHIP FLOOR DONATED
BY THE LOS ANGELES LAKERS

TOTAL FUNDS RAISED TO DATE (12.31.13): $10.7 MILLION
Little Tokyo and the Nikkei community (inclusive of Japanese Americans and Japanese immigrants) are historically connected. LTSC is committed to addressing the pressing and unmet needs of Nikkei in the Greater Los Angeles area.

Helping People

A kind and selfless woman, Yoshi Kida, an 88-year-old Japanese woman, was always willing to help others. She lived in a modest apartment in Beverly Hills, where her neighbors saw her as the matriarch of the complex. A former housekeeper, Yoshi worked for people like Frank Sinatra. Unfortunately, Yoshi’s generous nature was taken advantage of by a friend who borrowed money but never repaid it. Unable to pay her rent Yoshi was threatened with eviction. Jewish Family Services referred her to LTSC for help. “All she had was her Japanese passport,” explains Jessica Kanai, Yoshi’s social worker at LTSC.

Thankfully, Yoshi’s acquaintance from church paid her rent. Then Yoshi decided that it was time to go back to Japan. LTSC contacted an organization that assists homeless people in Japan and together they arranged for Yoshi to go home. Through the generosity of Kansha Fund, Jewish Family Services, and the City of Beverly Hills, Yoshi received spending money and airfare. “She was lucky to be surrounded by good people,” says Kanai.

“Avoid Scams and Plan Wisely”

Did you know that 12.6 million people were victims of identity fraud in the U.S. last year, totaling $20.9 billion in financial losses? And that Asian Americans are the most likely group to experience identity theft? In October 2013, 200 people gathered in Torrance to learn how to avoid being a victim of a scam and also how to plan their financial future. With a generous grant from Citi Community Development, LTSC presented “Avoid Scams and Plan Wisely. A Financial Seminar for Asian American Seniors and Caregivers.” LTSC was very proud to have Congresswoman Maxine Waters give the keynote address.

LTSC would like to thank Citi Community Development for helping us present this valuable information to seniors and caregivers.
AAPI and Low-Income Communities

LTSC believes in addressing social and economic inequality facing all ethnicities and backgrounds, and in the power of local community-based organizations to deliver direct services in their community

Kosumosu
- 11 women and their 15 children escaped domestic violence situations by moving into Kosumosu, LTSC’s transitional housing for survivors of domestic violence.

Child Development
- 50 infants and toddlers received high-quality care at Grace lino Child Care Center
- 67 3-5 years olds attended Angelina Preschool
- 62 children were cared for in licensed Family Child Care providers’ homes

Family/Parent Engagement Services
- 60 families received health screenings, referrals and case management through Head Start/State Preschool
- 23 parents and 30 children participated in Family Literacy programs including ESL and early childhood education
- 115 parents engaged in 152 Prevention and Early Intervention “Make Parenting a Pleasure” classes and workshops

Real Estate Development
- LTSC and its community partners completed 105 units of new affordable housing
- LTSC and its community partners broke ground on 96 new affordable housing units

Larry Itliong Village
The Pilipino Worker’s Center and LTSC celebrated the grand opening of the Larry Itliong Village, Pilipino Worker’s Center (PWC) Family Housing project in December 2013. Larry Itliong Village, named after the Filipino American labor organizer, will provide 45 units of affordable family housing and community, social service and retail space.

LTSC was proud to complete this project with its community partner PWC
“LTSC was proud to complete this project with its long-standing community partner PWC,” said Dean Matsubayshi, Executive Director for LTSC. “It provides a new community facility and will enable PWC to continue to deliver its important services,” he concluded.

The project is near one of the entrances to Historic Filipinotown and the exterior design integrates the unique and various Pilipino architectural styles to distinctly mark the gateway.

NeighborWorks
Earlier this year, LTSC became a chartered member of NeighborWorks®, a nationwide network of more than 240 trained and certified community development organizations at work in nearly 4,000 communities across America. Working in partnership with others, NeighborWorks organizations are leaders in revitalizing communities and creating affordable housing opportunities for low- and moderate-income families.

LTSC is proud to be a member of the NeighborWorks network. Our link to this powerful and unique nationwide network of community development organizations adds great value to what we do here locally in Los Angeles.
**LTSC’s Partners:**

**A3M** has been a recruitment center for Be The Match, operated by the National Marrow Donor Program since 1991. Each year we conduct over 500 donor recruitment drives to increase and diversify the national marrow registry. More than 400 people who registered at our recruitment drives have donated their marrow or blood stem cells to patients with blood cancers.

**Asian Pacific Islander Small Business Program (APT SBP)**

Formed in 1999, API SBP is a collaborative of 5 community organizations: Chinatown Service Center, Koreatown Youth & Community Center, LTSC, Search to Involve Pilipino Americans and Thai Community Development Center. API SBP provides free business counseling and business workshops regarding business plans, loan applications, access to capital, basic business preparation and franchise acquisition. In 2013 API SBP served 2,500 people.

Ron Fong, API SBP Director and Jerome Horton, Chairman of CA Board of Equalization at the 14th Annual Asian Small Business Expo.

**Japanese Speaking Parents Association of Children with Challenges (JSPACC)**

was started by a small group of parents in 1994 to assist the parents and families of children with special needs. Parents share information regarding available services and programs. The association has more than 200 families and professionals enrolled, and has approximately 100 active members.

**MiracleKids Festival**

**The Nikkei Helpline (NHL-Inochi no Denwa)** is a crisis hotline. Since 1984 over 40,000 people have called for help with immigration, education, traffic accidents, illness, drug abuse, relationship crises and other emergencies. NHL serves the Japanese, English, and Korean-speaking community. Inochi No Denwa Torno no Kai was established in 2005 and has raised over $60,000 to support NHL.

Volunteers of the Nikkei Helpline

**Ryugakusei Hotline (RHL)** “Ryugakusei” is the Japanese word for students living abroad. RHL provides information and referrals to the thousands of Japanese students living in the U.S. Since 1991 RHL’s volunteers have helped 15,000 students with an array of problems including mental health issues, landlord-tenant questions, relationship problems, auto accidents, and visa regulations.

Ryugakusei Hotline volunteers at the Oshogatsu New Year’s Celebration in Little Tokyo

---

**Staff Profile: Tom Sogi**

**Director of Tenant Services, Tom has been working with LTSC’s affordable housing residents for 17 years**

All the parents, youth, adults and senior residents know he is there to help them any way he can. Instead of us telling you how great he is, we thought we would let the residents tell you about him:

“Tom is very supportive, compassionate, caring for people, consistent… does what he says, always on board. He asks the tenants what they want to do and helps set-up events. He cares for the kids and is compassionate with everyone.” — Bessie Lewis

“Tom is a person with a big wonderful heart. My children and I are grateful to him because he has always been with us. Since they (children) were little he would give them advice and has helped everyone. I am very grateful to him and I know other tenants feel the same way.” — Angelina Tenant

“Tom Sogi’s generosity and kind heart embody LTSC’s values and mission.” — Meliza Arreola

---

“One of the mentors that really cared for the people around him.” — Miguel Hernandez

“An excellent person with the tenants. Humanitarian, very respectful, very sensitive to everyone’s needs; a person that remained neutral and humble despite his position. He always treated everyone the same, with respect and fairness. Good character and always smiling at everyone. I appreciate all the support and guidance he provided to my daughter.” — Maria Green
Giving Tuesday

2013’s Giving Tuesday was a huge success. LTSC’s generous donors joined the movement and donated enough money for the Grace Iino Child Care Center to purchase a professional food warmer. Thanks to our donors, we were able to continue to provide healthy and nutritious breakfast, lunch and snacks to our little ones with first-rate equipment.

Grace Iino Child Care Center in Little Tokyo, Downtown L.A. provides loving and guided care for infants and toddlers.

#GIVINGTUESDAY

LEGACY PARTNERS:
Fujioka Family

Our parents grew up valuing community and wanted to express their gratitude

The way my parents chose to give to charity involved my sister and I and their grandchildren as well. They set a very positive example for each of us.” Gen explains. The Family’s Trust also provided support for the Buddhist church and two other nonprofits in the Bay Area.

With this gift Mr. and Mrs. Fujioka joined LTSC’s Legacy Partners. Legacy Partners recognize donors who support the future of LTSC through planned giving. LTSC would like to thank the Fujioka family for their generosity.

Citi Foundation and the Low Income Investment Fund (LIIF) awarded LTSC a grant to continue its work developing a Sustainable Little Tokyo

The Partners in Progress (PIP) initiative will allow Little Tokyo to work on developing a sustainability plan that will reduce greenhouse gas emissions, promote the local economy, address social equity for all people, and preserve Little Tokyo’s rich history.

In 2012, LIIF co-published a book with the Federal Reserve Bank of San Francisco called Investing in What Works for America’s Communities, which found that flexible and dynamic community “quarterbacks” could change local community development efforts that are often disjointed and repetitive. “LTSC is a tremendous example of an important well-established community development organization that has the key factors of a community quarterback such as local trust, multiple community/social service offerings, and authentic community voice,” said John Moon District Manager, Community Development Federal Reserve Bank of San Francisco. “LTSC and many other effective CDCs around the country are well-positioned to play this important hub and leadership role in their communities at an even more enhanced level,” Moon concluded.

The Citi Foundation supported LIIF’s work on the book and continues to support this model in 10 regions across the nation, including LA. LTSC would like to thank Citi Foundation and LIIF for this opportunity to work with the community.
