Everything You Wanted to Know About Estate Planning BUT WERE Too Afraid to Ask

Most people have heard about probate and how it is important to avoid it. Probate can take a long time, be very expensive for your loved ones and can trigger a Medi-Cal reimbursement or creditor claim. There are several ways to avoid probate. Some of which are very simple and economical.

Please join LTSC as we welcome Jason Murai, Esq., CFP, from the Law Offices of Jason Murai. He will help explain what probate is and ways to avoid it by using some practical estate planning methods so you can 1) choose who inherits your property; 2) make things easier for your loved ones, 3) maximize inheritances and 4) avoid expensive fees.
