"Better Together": LTSC's 40th Anniversary Celebration on October 10, 2020

Dear Friends,

Anniversaries seem almost irrelevant in these trying times of pandemic, economic hardship and movements for social change. And if the occasion of Little Tokyo Service Center's 40th anniversary were only a celebration of past accomplishments, I would agree.

Instead, the virtual celebration of LTSC's 40th anniversary on October 10, 2020 "Better Together" will highlight our diverse programs, recognize what we can accomplish together and share our future vision that builds on 40 years of service. From supporting seniors, preserving Little Tokyo, nurturing families and building community, LTSC continues to empower our community.

Our 40th Anniversary honorees include longtime LTSC board member, educator and community activist, Alan Nishio, and Los Angeles County Supervisor and key supporter of LTSC programs, the Honorable Hilda Solis. We also honor our LTSC staff who have demonstrated so much heart and commitment, especially in these recent months, on the ground providing services in the wake of COVID-19. There will also be a special tribute to the late Dean Matsubayashi, our Executive Director whose wit and wisdom we continue to channel in our work today.

We face greater challenges in these coming post-pandemic years, especially our most vulnerable populations – low-income families, the elderly and people who are homeless. Little Tokyo Service Center will work to provide services and programs, create new initiatives and continue to build affordable housing. With Little Tokyo stakeholders, we continue our work to maintain the cultural identity and vibrancy of our historic community.

Can we count on your continued support as we move forward to fulfill our future vision? I am enclosing our 40th Anniversary sponsorship information for your consideration. For more information, contact Chris Aihara at caihara@LTSC.org.

Join us, we are better together as we celebrate and commit to making positive change for people and places.

Sincerely,

Erich Nakano
Executive Director

This virtual celebration will highlight our diverse programs, recognize what we can accomplish together and share our future vision that builds on 40 years of service. From supporting seniors, preserving Little Tokyo, nurturing families and building community, LTSC continues to empower our community with your support. We are better together as we celebrate and commit to making positive change for people and places.
