Our Mission
Making It Home

PATH's mission is to end homelessness for individuals, families, and communities.

PATH Regions

GREATER LOS ANGELES

In Los Angeles we provide a variety of services for our neighbors experiencing homelessness that include employment, outreach, homelessness prevention, housing navigation, interim housing, rapid rehousing, and permanent supportive housing.

SANTA BARBARA / CENTRAL COAST

On July 1, 2015, Casa Esperanza Homeless Shelter merged with PATH to become PATH Santa Barbara. We are very happy to be a part of the Santa Barbara community, working to rebuild lives and strengthen neighborhoods.

GREATER SAN DIEGO

PATH San Diego's Connections Housing is a partnership that brings a variety of agencies together under one roof to meet the many needs of the downtown homeless population. PATH is the lead agency providing the services and operations for Connections Housing.

PATH Regions

SAN JOSE / BAY AREA

The PATH San Jose office opened in 2015. It is an integrated service and residential effort designed to address street homelessness in downtown San Jose, and help local homeless individuals rebuild their lives and move into permanent apartments.

ORANGE COUNTY

PATH operates the Placentia Navigation Center, which provides 100 beds for individuals experiencing homelessness in North Orange County, and the Yale Navigation Center in Santa Ana, which provides 425 beds for individuals and couples.

SACRAMENTO

In May 2020, PATH began providing services for those experiencing homelessness in Sacramento. This program is contracted by the County of Sacramento and includes intensive case management services for individuals with chronic health needs.

LA-HOP Outreach Portal

Los Angeles County la-hop.org homeless outreach portal

- County-wide, web-based portal
- Constituents can submit requests for outreach services
- Requests are routed to the appropriate regional coordinator
- The Region's Outreach Coordinator triages the request to the most appropriate outreach team
- The outreach team accepts the requests, deploys outreach services

UVP Mission

Urban Voices Project creates supportive community spaces with music to bridge vulnerable individuals to a sense of purpose and improved health. UVP engages individuals and families across the greater Los Angeles area with music workshops in partnership with social, civic and healthcare organizations. Our outreach ensemble performances shift the narrative and perception of homelessness in today's society.

Programs

- **NEIGHBORHOOD SING-** Neighborhood Sing is an immersive virtual music engagement workshop that cultivates self-expression and community. Trained teaching artists facilitate participatory activities such as mind-body practices, breathing exercises, sharing songs from a diverse repertoire, improvisation, and guided conversation. This workshop aims to improve mental health and develop social and emotional learning. Weekly sessions are held on Zoom and streamed on Facebook Live.
- **FAMILY SING-** *Family Sing* is a thirty-minute interactive music class that engages children and their parents together in active play to connect and communicate with each other, explore the world around them, and create a nurturing safe haven in the joy of music. Classes are play-based and actively address ACEs (Adverse Childhood Experiences), co-regulation, and creative adaptation to life's daily challenges. Virtual classes are currently held each Friday at 11 AM on Zoom. Family Sing at UVP is sponsored by L.A. Care.
- **MUSIC LABS** – Weekly classes in Music Theory, Vocal Technique, and Music Wellness are held at Wesley Clinic in Skid Row. These classes give participants additional training for performances as well as tools and techniques to use music for stress management and wellness outside the workshop space.
- **PERFORMANCE ENSEMBLE** - A non-audition choir that provides professional development and outreach opportunities showcasing individual stories and a collective voice of "lived experience" of homelessness.
