LTSC is Here to Help

We know many people are worried about immigration raids and deportations.
Little Tokyo Service Center is here to help and support you.

What We Do

Little Tokyo Service Center (LTSC) helps anyone in need, whether you are a citizen or not. We do not ask about your immigration status in order to give you services. Sometimes, we may need to follow government policies that limit our services to citizens, but this is rare.

Your Information is Safe

We are required by our funders to collect some information, like income and household size.

- We NEVER share your information with Immigration and Customs Enforcement (ICE) or Border Patrol.
- Government agencies that fund us also cannot share your information with ICE or Border Patrol.

Your Safety Comes First

Your home, building, and preschool are private property.

- ICE or Border Patrol can only enter if they have a warrant signed by a judge, and a judge will require sufficient evidence of a crime before signing a warrant.
- We are training LTSC staff to make sure these rules are followed.
- We can provide a "Know Your Rights" training at your building.

For immediate assistance if there is a raid or you are being detained, you can contact:

LTSC cares about your safety and well-being. Please reach out if you need help.

- If you or someone you know is detained or bothered by these agencies, let us know. We can connect you with lawyers and other help.
- We offer mental health support for your building. Let us know if you'd like more information or need someone to talk to.
- Be careful of scams! Some people may pretend to be government agents or ask for money to "fix" immigration issues. If something feels wrong, contact us.
